

Stipendium Hungaricum Calls for Applications - 2023/2024

Código de Beca:	4100
Nombre:	Stipendium Hungaricum Calls for Applications - 2023/2024
Descripción:	Mission of the Programme

The Stipendium Hungaricum Scholarship Programme was launched in 2013 by the Hungarian Government with the aim of providing opportunity for foreign students to pursue their higher education studies in Hungary. The core mission of the programme is to increase the number of international students in Hungary and to encourage Hungarian higher education institutions to attract top foreign students.

The scholarship programme is managed by the Ministry of Foreign Affairs and Trade, and co-ordinated by Tempus Public Foundation. The programme is based on bilateral educational cooperation agreements signed between the Ministries responsible for education in the sending countries/territories and Hungary. Currently more than 80 Sending Partners are engaged in the programme on 5 different continents, and the geographical scope of the programme is widening each year.

The scholarship program offers both full-degree and partial study opportunities in the three cycle degree structure (bachelor's, master's and doctoral programmes), mostly in English language, however, other foreign language study programmes are also available in the frame of the Stipendium Hungaricum Scholarship Programme. Students can also apply for a one-year Hungarian language preparatory training course, following which they can pursue their higher education studies in Hungarian language.

Stipendium Hungaricum scholarship holders are encouraged to focus on their academic advancement during their stay in Hungary, as all their tuition fees are covered, and their accommodation and living costs are supported as well. Upon finishing their studies, a European degree in hand provides graduates with a wide range of opportunities in the global job market.

Since 2013, the number of Stipendium Hungaricum scholarship holders has grown significantly, at the same time increasing the ratio of self-paying international students in Hungarian universities. Between 2013 and 2019, the ratio of international students studying in Hungarian higher education institutions has doubled, and the ratio of Stipendium Hungaricum scholarship holders among them has quadrupled. As a result, the number of study programmes

taught in foreign language(s) has tripled in Hungarian universities since 2015.

The number of both Stipendium Hungaricum applicants and awardees is continuously increasing, as well as the number of available scholarship places. In 2021, nearly 50 000 applications were received and more than 4700 scholarships were awarded, showing that since its launch, the Stipendium Hungaricum scholarship has become a programme of excellence.

Study Levels

Stipendium Hungaricum scholarships are available for bachelor's, master's, one-tier master's, doctoral, non-degree programmes (preparatory courses) and postgraduate specialist training courses. Please note that this Call for Application is for **bachelor's, master's, one-tier master's, non-degree programmes and postgraduate specialist training courses only.**

Important note: applications are only accepted for bachelor's, master's, one-tier master's, non-degree programmes and postgraduate specialist training courses OR for doctoral programmes; therefore please consider carefully your selected programme(s).

Note about one-tier master's programmes and postgraduate specialist training courses:

In the Hungarian education system, one-tier master's programmes cover both the bachelor and the master level of studies; therefore, it is an undivided master programme that results in a master degree. These one-tier programmes are offered in specific study fields such as general medicine, pharmacy, dentistry, architecture, law, veterinary surgery, forestry engineering, etc.

Postgraduate specialist training courses provide the opportunity to obtain a specialized qualification after bachelor's or master's degree. Preparatory courses are not available for postgraduate specialist training courses.

Study Modes

Both full degree and partial (exchange) study modes are available, in accordance with the relevant bilateral educational cooperation agreement. Full degree programmes are programmes that lead to a bachelor's, master's or doctoral degree. One-year programmes do not lead to a degree but provide a preparatory course before a degree programme.

Partial (exchange) studies are one- or two-semester long exchange studies. If the partial (exchange) studies are part of the student's degree studies in their sending higher education institutions, those who apply for partial (exchange) studies must be registered in and must have a student status at a higher

education institution that operates outside of Hungary. In this case, applicants can only apply to those study levels they are attending in their sending, home institutions (i.e.: doctoral level).

In case partial studies are not part of the student's degree studies in their sending higher education institutions, a student status at a higher education institution that operates outside of Hungary is not needed.

Partial (exchange) studies are available for up to one academic year, must be completed by 30 June and cannot be extended.

Please be extra cautious when selecting your preferred study programmes in the online application system as most of the study programmes are offered both as full degree and partial study programmes; therefore, those programmes appear twice. Please make sure that you select the programme marked with the study mode of your desire, because it is not possible to change the study mode after the application deadline.

Available Host Institutions and Study Programmes

At this levels, 28 Hungarian higher education institutions are engaged in the Stipendium Hungaricum Programme for the 2023/2024 academic year with about 650 study programmes in foreign languages (taught mainly in English language). Study programmes are generally available in the English and Hungarian languages, with some programmes offered in German and French as well.

The available study programmes and Host Institutions are accessible in the online application system (<https://apply.stipendiumhungaricum.hu/>).

Please note that you can only apply for these study programmes within the frameworks of the Stipendium Hungaricum Scholarship Programme.

Applicants are eligible to apply only for those scholarship types and study fields that are determined in the educational cooperation programmes in effect between Hungary and the specific Sending Partner. Please see the full list of available study fields regarding your sending country here: <https://stipendiumhungaricum.hu/partners/>

Tipo de beca:	Parcial
Fecha de vencimiento:	16/01/2023
Requisitos:	Eligible Sending Partners The Stipendium Hungaricum Programme is based on effective bilateral

educational cooperation agreements between the Hungarian Ministry of Foreign Affairs and Trade or its legal predecessor as regards the Stipendium Hungaricum Scholarship Programme, the Ministry of Human Capacities, and the partner's Ministry responsible for higher education. Applications will be considered eligible only if the applicant is nominated by the responsible authorities of the Sending Partner

Non-eligibility

Applications will not be considered in the following cases:

Hungarian citizens (including those with dual citizenships), persons granted a refugee status ("menekült"), persons enjoying temporary protection ("menedékes"), persons admitted for subsidiary protection ("oltalmazott") and persons granted humanitarian protection ("befogadott"),

Please note that this requirement is not only for applicants but for Scholarship Holders as well; it means that, e.g., if you obtain Hungarian citizenship or refugee status during your studies in Hungary, you automatically lose your scholarship status.

Applicants with a citizenship different from the sending country/territory. For example, only Brazilian citizens can apply through the Brazilian Sending Partner.

Applicants born after 31 August 2005 (= applicants under 18 years old as of 31 August 2023 except applicants applying for Dance study programmes,

Applicants applying for a doctoral programme within the SH programme in the same application round

Those applicants who are registered self-financed / fee-paying students of a Hungarian higher education institution at the time of the application deadline AND who are applying for a study level below their self-financed studies. It means that:

- self-financed master students of a Hungarian higher education institution cannot apply for bachelor studies, and

Those former Stipendium Hungaricum Scholarship Holders who were awarded scholarships for full degree studies and who

- are now re-applying for full degree or partial (exchange) studies in the same cycle or lower level of education (non-degree studies, bachelor, master, one-time master level) –(therefore, those Stipendium Hungaricum Scholarship Holders can apply for the programme who apply to continue their studies at a higher level of education, e.g. bachelor Scholarship Holders can apply for master studies!)

- or who are now re-applying for the programme for any cycles of education while they still have a scholarship status at the time of application (unless they withdraw their former scholarship before the application deadline) and will not receive their degree until 31 August 2023

- or who have postponed the start date of their scholarship studies and did not withdraw their scholarship before the current application deadline.

Those former Stipendium Hungaricum Scholarship Holders who were awarded scholarships for partial (exchange) studies and who

- are now re-applying for partial (exchange) studies in the same cycle or lower level of education (non-degree studies, bachelor, master, one-tire master level) –(therefore, those Stipendium Hungaricum Scholarship Holders can apply for a higher level of education, e.g. former bachelor Scholarship Holders can apply for master partial (exchange) studies if they are now master students in their home countries!)

Those former Stipendium Hungaricum Scholarship Holders who were awarded scholarships in the 2020/21 or in the 2021/22 or in the 2022/23 application round, but after accepting their scholarship, did not travel to Hungary and did not start their studies, nor did they notify Tempus Public Foundation of this fact until 31 August. This clause also applies to those former Stipendium Hungaricum Scholarship Holders who have postponed their scholarship awarded in the 2021/22 application round, but did not travel to Hungary and did not start their studies next year, nor did they notify Tempus Public Foundation of this fact until 31 August.

Please note that it is only possible to re-apply for full degree scholarship studies in the same cycle of education if the former Stipendium Hungaricum Scholarship Holder was previously awarded partial (exchange) studies. Even in this case, the length of the full degree scholarship shall be reduced by the length of the previous partial (exchange) studies.

Important note for self-financed students already studying in Hungary:

Those applicants who are registered self-financed / fee-paying students of a Hungarian higher education institution at the time of the application deadline AND who are now applying for the same study level are only eligible to apply for the Stipendium Hungaricum programme if

they are recommended by their Hungarian host universities where they are studying at the time of application, AND

if their cumulative, corrected sum average (“összesített korigált kreditindex”) is higher than the students’ average performance in the particular study programme (“szakátlag”).

For example, self-financed master students enrolled in Hungary can apply to continue their studies with the scholarship on the same master level only if they are recommended by their university and their cumulative, corrected sum average is above average. Please see further details about the optional application documents in Section 3.2.3. of the Call for Application.

Order of Selected Study Programmes

In addition to the first choice of study programme, there is an opportunity to apply for an additional, second study programme. Therefore, each applicant can apply for up to TWO different study programmes, in order of preference. These two study programmes can be both at the same Host Institution and at different Host Institutions; it is the applicants' decision.

The order of preference is essential. During the application process, the first selection and examination process will be conducted for the study programmes selected as the first choices of the applicants. The first priorities will be considered first and then, only the remaining free places will be filled with those applicants who are not approved for their first choice of programmes. In this way, the chances of receive the scholarship are relatively higher for the study programmes selected as first choices because there are more free places at that time.

Please note that after the application deadline, the selected programmes (including the study language and the study mode!) and the order of preference cannot be changed by the applicant! We strongly advise all applicants to carefully check the minimum entry requirements (<https://apply.stipendiumhungaricum.hu>) of the study programmes and take time to decide on the order of the two programme preferences. We also highly encourage the applicants to increase their chances of receiving the scholarship by apply for not only one but two study programmes in total.

Language of Study Programmes

Applicants are eligible to apply only if they meet the minimum language criteria set by the chosen Host Institution. Please visit the online application system (<https://apply.stipendiumhungaricum.hu/>) to see the exact language criteria for each study programme!

For Study Programmes taught in English and other foreign languages

Both full degree studies and partial (exchange) studies - Minimum level of English proficiency determined by the host institution, no language preparatory year.

Study programmes taught in Hungarian language

1) applicants with at least an intermediate (B2) level of Hungarian language knowledge - Both full degree studies and partial (exchange) studies minimum level of knowledge - level of Hungarian proficiency determined by the Host Institution

language preparatory year - none if the language certificate is uploaded

2) applicants with basic or no Hungarian language knowledge - **Only for full degree studies** (unavailable for partial exchange studies)

minimum level of knowledge - level of Hungarian proficiency determined by the Host Institution usually basic level

language preparatory year - yes, obligatory one-year Hungarian language preparatory course

Note about language choice in the online application system:

The study programmes are listed as foreign language programmes in the online application system by default. However, if you wish to start your studies at a full degree programme in Hungarian language, you need to answer the “Would you like to perform your studies in Hungarian at the selected full degree programme?” question on the application form with “Yes, I would like to perform my studies in Hungarian at the selected full degree programme..” If you select this, you can only be considered for the full degree selected programme in Hungarian language, therefore please be cautious when filling out the online application form. In case you apply for Preparatory course in Hungarian language, please select the following answer: “No, I would not like to study in Hungarian at my full degree programme.”

Studies in English or Other Foreign Language

Students shall have a level of proficiency in the language of education as required by the Host Institution. The applicants need to directly apply for the study programmes in the online application system.

Studies in the Hungarian Language

Those applicants who wish to perform their studies in Hungarian language need to have sufficient language level. A copy of the proof of Hungarian as a foreign language knowledge has to be uploaded as part of the application in the online system. The level of Hungarian language skills will be tested during institutional entrance examinations. Please note that if you apply only to Hungarian study programmes directly, but fail the language test, you cannot be admitted to any places.

Those applicants whose language skills are not sufficient to complete their studies in Hungarian shall complete an obligatory one-year preparatory language course of Hungarian before starting their degree courses. For this, the applicants are usually required to have at least a basic level of English proficiency. In the online application system, the applicants need to apply directly for the preparatory course (and NOT for the degree programme they wish to start after the language preparatory year). To see all Hungarian language preparatory courses and entry requirements, please check the online application system (<https://apply.stipendiumhungaricum.hu/>)

Hungarian as foreign language

In the first year of their studies, Scholarship Holders are required to attend the course of „Hungarian as foreign language” offered by the host university, and to pass an exam at the end of the second semester (except Scholarship Holders

studying in Hungarian language). Scholarship holders who do not attend the course will not be able to receive the monthly stipend (mentioned at 1.3.). The monthly stipend for students who take the course but fail to pass the exam will be reduced to 30,000 HUF/month.

Preparatory Courses and foundation semester/year

Besides full degree programmes, full-time non-degree programmes are also available within the programme in certain cases, for up to one year. Please read this section if you are applying for study programmes in the field of Music, Engineering or Computer Science and Information Technology.

Preparatory courses are non-degree programmes before starting a bachelor or master level degree programme at a Host Institution (both with the scholarship).

Regarding the preparatory courses, applicants can ONLY apply for Hungarian language preparatory programmes. Even these preparatory courses can ONLY be applied for if the student wishes to continue his/her degree studies at a Hungarian language programme after the preparatory year. After completion, it is not possible to continue the studies in English or other foreign languages. Please see Section 2.5.2. for further details about this.

However, ONLY in case of English language full degree study programmes in the field of Engineering and Music or Computer Science and Information Technology during the institutional entrance examination process and based on the professional evaluation of the applicant, the Host institutions have the right to make the decision to admit the applicant for a foundation semester/year before they can actually start their full degree programmes. This is only available for a foundation semester/year before bachelor and master level programmes in the field of Engineering, Music or Computer Science and Information Technology. Applicants, therefore, cannot directly apply for foundation semester/year in English language; it is always the Host Institutions' decision if a professional preparation year is necessary or not.

Beneficios:

Provisions Covered by the Scholarship

Tuition-free education

- exemption from the payment of tuition fee

Monthly stipend

- non-degree, bachelor's, master's and one-tier master's level: monthly amount of HUF 43,700 (cca EUR2 103) contribution to the living expenses in Hungary, for 12 months a year, until the completion of studies

Accommodation contribution

- free dormitory place or a contribution of HUF 40,000/month to accommodation

costs for the whole duration of the scholarship period (Please note that if the student does not live in the dormitory, the HUF 40,000/month is a contribution to that rental costs, and in bigger cities –especially in the capital city –this contribution would not cover the full amount of rental costs.)

Medical insurance

- health care services according to the relevant Hungarian legislation (Act LXXX of 1997, national health insurance card) and supplementary medical insurance for up to HUF 65,000 (cca EUR 153) a year/person

Please bear in mind that these provisions are only a contribution to the living expenses of the Scholarship Holders. It means that it does not fully cover all the costs of living and the students need to add their own financial resources in order to cover all living expenses in Hungary. All applicants are highly advised to check the expected living expenses both in Hungary and in the city that they wish to live in before applying; please do check our Cost of Living Calculator by clicking here: <http://www.studyinhungary.hu/living-in-hungary/menu/your-costs-of-living.html>

2 The HUF/EUR exchange rate used in the call for application is of 7th October 2022

Ofrecimiento N° 4100.4

Nombre ofrecimiento:	Non-degree programmes
Información específica:	<u>Preparatory course in Hungarian language</u> Duration: Full time 1 year Qualifications at the end of programme - Certificate <u>Postgraduate specialist training courses</u> Duration: Full time 1 - 2 year Partial 1 or 2 semesters Qualifications at the end of programme - Certificate Note about one-tier master's programmes and postgraduate specialist training

courses:

In the Hungarian education system, one-tier master's programmes cover both the bachelor and the master level of studies; therefore, it is an undivided master programme that results in a master degree. These one-tier programmes are offered in specific study fields such as general medicine, pharmacy, dentistry, architecture, law, veterinary surgery, forestry engineering, etc.

Postgraduate specialist training courses provide the opportunity to obtain a specialized qualification after bachelor's or master's degree. Preparatory courses are not available for postgraduate specialist training courses.
